

DEPONTI

THE BEST AT HOME

Fiano Louvre; sliding element

The power of adjustable light

Imagine an outdoor space that feels calm and adapts effortlessly to your needs. With the Fiano Louvre, you control the perfect balance of light, shade, and privacy. The rotating louvers glide smoothly, creating the right atmosphere at any moment. Open when you want openness. Sheltered when you need protection.

Fiano Louvre

Sleek design with attention to detail

The Fiano Louvre consists of rotating louvers in a fixed frame with a fully concealed mechanism. With no visible fixings, the result is a clean and serene design. The combination of various frames and colours allows the Fiano Louvre to blend effortlessly with any style and outdoor space. The carefully crafted design combines aesthetics with quality.
